## IS SURPRISE

### Vorys as Taft's Manager

### an Unexpected Feature of Campaign.

### ACTIVE WORK BEGINS

Special to Morning News.

Columbus, O., March 27.—Nothing politically in recent years at least, has occasioned more surprise than the announcement that Superintendent of Insurance Vorys had accepted the management of the Taft presidential campaign of Ohio. Until Mr. Vorys was mentioned for this place there was no intimation either upon his own part or the part of friends that he was even a passive supporter of the secretary of war. Indeed he has heretofore been regarded as rather belonging to another faction of the Republican party and therefore the surprise at his appointment and acceptance is increased. While no doubt is expressed as to his ability to successfully fill the position and bring about a strong organization in support of Taft it is a fact that in the past Vorys has not taken that part in politics which called for managerial ability. His conduct of the insurance office has, however, demonstrated splendid executive ability and called into display the talents he will now have to use. It is as to the effect his appointment will have upon the future of the party in Ohio and especially upon the future of those men who are now leaders that politicians are wondering.

There is no denial of the statement that Governor Harris urged Commissioner Vorys not to accept, basing his opposition upon the belief that it would be best for those connected with the state administration to keep away from factional differences in the party so far as possible and at least not to take an active part in them. Several conferences were held between the governor and Vorys and at all of them the latter was urged not to accept. It is also probable that the governor intimated that too close application to the Taft campaign might detract from his work as insurance commissioner. Mr. Vorys on the other hand maintained that the fact he held public office was not to be construed into a refusal to take part in politics. He saw nothing incompatible in acting both as commissioner and manager of the Taft campaign and as he is earnestly in favor of the latter for president he believed his duty was to accept the offer. Therefore he took it and announced he would not resign as commissioner. From this time on he will fill both places.

Coming into the limelight in this strong way has already started talk of Mr. Vorys as a candidate for governor at the expiration of the term of Governor Harris and the management of the Taft campaign can easily be made helpful if he has ambitions looking toward the governorship. The immediate effect of the situation has been to awaken the followers of Governor Harris to the probable opposition he will have for nomination and start them upon a vigorous campaign in his behalf. Thus the lines between the governor and his superintendent of insurance are to be sharply drawn. Should the followers of Secretary Taft be able to control the next state convention it would not be outside of the usual course in politics for them to nominate for governor the man who has made their control possible and Mr. Vorys would be the recipient of their favor and the beneficiary of his own work. But the task of defeating Governor Harris will be far from any easy one. He has a remarkably large following throughout the state and is particularly agreeable to the people at large. In his contest there will enter nothing of opposition to Secretary Taft. It will be entirely away and apart from anything bordering on factionalism and have any eye to but a single purpose, his own nomination.

There are men shrewd in politics who see in the Taft movement an entire change in the management of the party in Ohio and look for such a complete change as will take old leaders out and place in their stead new and young men. This of course is upon the presumption that the Taft people will be able to control the state convention of next year. Others not new to politics fear that out of it all will come such a condition that no Ohio man will be nominated at the next national convention and say that it is almost certain that neither the secretary of war nor Senator Foraker will be able to have the solid support of the Ohio delegation if both decide to go into the presidential race and certain it is that Taft is going. Indeed he has already gone.

The Taft campaign is to be carried on vigorously from this time. Headquarters will be established and a system of work pursued along the line of that followed by a state committee during a state contest. The Foraker headquarters may follow later.

President Roosevelt has decided that he cannot visit Ohio during the coming state fair and deliver an address. This is a source of keen disappointment to the fair managers, the merchants of this city and the people in general. In his place however, Vice President Fairbanks may come and if a lesser drawing card he will be a big one.

\$5.00 reward will be given for information leading to the arrest and conviction of any person stealing copies of the Morning News from places where the paper is left by our carriers. Morning News Co.

## ALL A BLANK

Freeport Man Cannot Account for Time From Monday to Wednesday—Thinks He Was Drugged.

Bayard Way, the Freeport, Pa., business man who mysteriously disappeared Monday while on a business trip to this city and whose clothing was found early Tuesday morning in the Bernover lumber yard on Navarre street, has turned up. Way called at the Berger office Wednesday afternoon, where he had been last seen and later went to police headquarters for his clothing.

The man claims that everything from Monday evening to Wednesday morning is a blank to him and he thinks that he was drugged. A large sum of money which Way carried during his aimless wanderings was not molested and he still retained possession of his valuable gold watch and chain. He immediately sent a message to his anxious wife and family who had been notified by friends of his disappearance, and last night he started for home.

### BAD COOKERY

Produces Results and Bad Ones.

"While teaching school, and 'board ing round' writes a Penn. matron, 'I was given all kinds of food—chiefly half-done pancakes soaked in grease, half-cooked oatmeal, greasy food and potatoes.

The inevitable result came in time. My stomach became disordered, and I was the prey of terrible sick headaches, so violent that I could not perform my duties satisfactorily—sometimes not at all—until finally I was compelled to give up the work altogether. For years I was a helpless sufferer from stomach and nerve troubles.

"After I married, my husband had to get his own breakfast and finally to save time he bought Grape-Nuts, which required no cooking. He persuaded me to try the food also.

"It was lucky I did so. To my surprise I found that it would stay on my stomach and agreed with me as nothing else did. I grew better and stronger rapidly, and am now a healthy, hearty woman, who does not know what it is to have a headache or an attack of 'nerves.' This is what Grape-Nuts food has done for me, and now we stick to the food that we know we can rely on.

"When my little daughter was weaned we thought she would die—no food would give her (even the prepared infant's food) seemed to nourish her. Then we tried Grape-Nuts food. She took to it at once, and grew well and fat. My husband, who used to suffer from disordered stomach, has not lost a day from his business on account of sickness for three years, since we have adopted Grape-Nuts." Name given by Postum Co., Battle Creek, Mich. "There's a reason." Read the little book, "The Road to Wellville," in pkgs.

## Woman's Watchword

### Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment repugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence; all letters of consultation being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It enables women suffering from "female weakness," prolapsus uteri, retroversion, anteversion, and other displacements of the organs distinctly feminine, to cure themselves right in the privacy of their homes. Pelvic catarrhal drains, painful or irregular periods, backache, frequent headaches, weak nerves, dragging-down pain or distress in the lower abdominal, or pelvic region, gnawing sensation in stomach, dizziness, or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which most people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the only medicine for woman's delicate ailments which contains neither alcohol, nor harmful, habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable native medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of practice.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dress-makers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve tonic "Favorite Prescription" is unequalled.

ed and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

You can't afford to accept a secret nostrum as a substitute for this PROVEN REMEDY OF KNOWN COMPOSITION.

### "The Blood Is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's Anti-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood-changing constitutional treatment. If your druggist don't happen to have the "Anti-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 263 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unproven composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a day.
